Rubber Magnet protection against scratches for 4x4

KIT 4x4 MAGNET' *essential*

Rubber Magnet protection against scratches for 4x4

You are looking for a protection against scratches while going off road, for a good price ?
Discover our new low cost range 4x4 Magnet Essential !

Made of soft rubber magnetic elements, the **kit 4x4 Magnet Essential** protects the body car against scratches from trees branches or water.

The **Kit 4x4 Magnet Essential** covers perfectly each side of your 4x4 as a second skin and protect front mud guard, doors and back mud guards.

A separate kit is also available for each side of the hood / bonnet.

The kit 4x4 Magnet essential can be installed and removed as many times as you need during many years.

Developed in partnership with Protec Magnet, 4x4 Magnet Essential is a low cost range available for a selection of 4x4 for a more occasional use.

You can check the difference between 4x4 Magnet essential and Protec Magnet ranges on the page « Technical data ».

Our kits 4x4 Magnet essential are only available in White matt.
